CONTROL YOUR FLEET MANAGEMENT EXPENSES

ALWAYS CONVENIENT

Circle K Pro Partner is accepted at any one of over 6,000 Circle K or Holiday locations, wherever you see one of our logos.

GREATER SAVINGS

Save administrative time and eliminate paper receipts. Prevent unauthorized fuel purchases and easily track every gallon purchased by your drivers. In addition, **save 30¢ for 90 days and then after the 90 days save 7¢ on every gallon when fueling at Circle K or Holiday locations.**

MORE CONTROL

Help prevent unwanted spending with pre-set controls and alerts. Your online account allows you to set these limits and flag any transactions outside of those set guidelines.

SECURITY

Know which driver is buying what, where, and when. A unique Driver ID is required with every purchase to add a level of security that helps protect against lost or stolen cards.

LEVEL III DATA

Unlike standard credit cards, the Circle K Pro Partner Card captures Level III line-item data, requiring the driver to input a driver ID and odometer mileage. This allows you to track fuel expenditures and better facilitate cost analysis for your vehicles.

KEY BENEFITS

Ideal for

- Business owners with multiple vehicles
- Fleet Managers

Intended users:

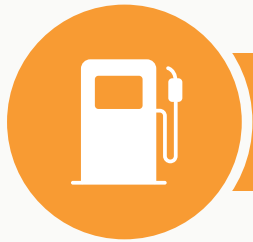

- Drivers using vehicles and purchasing fuel, products and services for business purposes
- The more your drivers purchase at Circle K or Holiday the more you save!

Additional benefits:

- Convenient and easy to use
- Powerful reporting tools
- Increased security and fraud protection
- Award-winning 24/7 customer service
- Easy online data access, bill payment and account management

Accepted at all 6,000+ Circle K and Holiday locations across the U.S.

SPECIALIZED REPORTS

YOUR SECURITY AND SAVINGS TOOL

With our fleet system, each vehicle is assigned a card and each driver is assigned a unique identification number — one cannot be used without the other. Drivers enter the current odometer reading of the vehicle at the time of purchase along with the identification number. With all this information captured electronically, we bring you the ultimate reporting tool. No matter how many vehicles you are tracking expenditures for; we provide information the way you need it — **useful, flexible, powerful.**

ONLINE PURCHASE CONTROLS

- **Purchase Controls** can help you prevent unauthorized purchases by setting rules for how much your drivers buy, how often and when. If a transaction exceeds any of your limits, our system is designed to decline the transaction, subject to the limitations described online.

- **Purchase Alerts** allow you to set exception limits. When a purchase exceeds one of those limits, we'll send you an email notification.

SECURITY

You know who buys what, where and when.

CONTROL

Reduce costs by managing fuel types.

CONVENIENCE

Easily track expenses by category.

TIGHTER CONTROL OVER SPENDING

Circle K Pro Partner offers offer a suite of control and alert tools that let you know **where, when, what, and how much** is being spent.

PRODUCT TYPE CONTROLS

When the card is swiped, merchant product codes automatically compare the purchase against pre-set card profile limits. If the product types are allowed and the set limits have not been exceeded, we authorize the transaction, and the merchant completes the sale. If the card is beyond the limits, it will be declined.

You can set overall limits for all purchases for a specific time period – daily, weekly, twice monthly, or monthly; and your total fuel purchases for that period – transactions per period, dollars per period and gallons/units per period.

PUMP SHUT-OFF FEATURE

When a driver exceeds your pre-set limits, the pump will shut off. This feature is available at most major retail fuel brands.

REAL TIME ALERTS

This control generates an alert detailing a purchase that is beyond your pre-set alert values. You will be notified by email so you can make quick decisions on how best to deal with the situation at hand.

FAST FACTS

- Set limits per transaction and time frame
- Limit purchases by product type (fuel, parts, service, oil, general merchandise, lube services, etc.)
- Disallow product categories (i.e.: merchandise like snack foods)
- Automatic pump shut-off shuts off the pump when a driver exceeds your limits
- See card spend drop with pre-set limits
- Watch your bottom line go up
