### DeWitt's Super Lawyers & Rising Stars Announced

DeWitt Ross & Stevens SC, along with its affiliate DeWitt Mackall Crouse & Moore SC, proudly announce that four of their attorneys were recently named by Minnesota Super Lawyers as top attorneys in Minneapolis for 2018. Additionally, two of its associates were recognized as Minnesota Rising Stars. Attorneys selected for inclusion in 2018 Minnesota Super Lawyers are: Robert Due (Family Law), Denis Grande (Family Law), Mark Kalla (Banking, Bankruptcy and Civil Litigation), and Janet Stellpflug (Construction Litigation). 2018 Minnesota Rising Stars are: Julie Nagorski (Real Estate Law) and Sarah Roeder (Construction Litigation). The selections for Minnesota Super Lawyers are made by the research team at Super Lawyers, which is a service of the Thomson Reuters legal division based in Eagan, Minnesota. The final list of Minnesota Super Lawyers features the top five percent of attorneys in more than 60 practice areas. Lawyers featured on the Rising Stars list are selected based upon similar criteria as Super Lawyers; however a candidate must either be under 40 years of age or in practice for 10 years or less, and a peer evaluation is not conducted.

### New President Named for ACEC/MN

American Engineering Testing (AET) recently announced CEO Dan Larson PE has been named president of the American Council of Engineering Companies of Minnesota (ACEC/MN). As president, Larson will consult engineering firms with the business community through advocacy, training and networking events. Larson plans to continue the organization's involvement in STEM education programs among other things.

### Project phases: mbex.org

When using the online plan room, please keep in mind the phases through which projects move within the system. Projects begin in the "Active" phase when bidding, and then progress to "Apparent Lows/Postbid" phase (after the bid date) to the "Archived" phase (approximately 60 days after the bid date). The best way to find projects online based on the phase is to start from the My Desktop page. Search for projects by name, project id, scope and notes from the Quick Search box on the right-hand side. Make sure that the appropriate phase is checked, and then click "Submit." To be successful in finding projects as they move throughout these phases, make sure that the appropriate box is checked for the correct phase. If you're unsure of the actual phase, try more than one search or check more than one box. Finally, once a project is found, track it with email to access the project from the Desktop page without having to search for it again in the future.
