### Accessing Addenda: mbex.org

MBEX is proud of our quick response to posting and making addenda available to our members. Please keep in mind the importance of these documents, the changes contained within them and where the changes can be found within the project documents. When looking at a project online, if something is missing (plan page, specification section, etc.) please refer to the addenda listed for the project. The first few pages of the listed addendum will list the corresponding documents issued in correlation with the changes. If "w/drawings" is listed next to the addendum, please refer to the plans section for that project. The respective drawings will be listed within their own subcategory among the full listings of plan sheets.
