Board members will share recounts of the past year's business as well as report on future plans at the Minnesota Builders Exchange. During the program, MBEX will recognize new and outgoing leaders, volunteers and long-time members for their contributions.

Join MBEX in welcoming our keynote speaker, Ron Wirtz, a regional outreach director at the Federal Reserve Bank of Minneapolis. His main responsibilities include tracking current business conditions, focusing on employment and wages, as well as sector-tracking in construction, real estate and consumerism. Ron will lead an interactive presentation that will shed light on the inner-workings of the Bank's functions, providing an entertaining and informative approach that will provide our members with the opportunity learn about how the economy plays a role in our day-to-day business within the construction industry.
