EDINA COUNTRY CLUB | 11:00 A.M. | CASH BAR
5100 WOODDALE DR, EDINA | 11:45 A.M. | LUNCH + PROGRAM

mbex.org/annualmeeting

Register online now!

Board members will share recounts of the past year's business as well as report on future plans at the Minnesota Builders Exchange. During the program, MBEX will recognize new and outgoing leaders, volunteers and long-time members for their contributions.

Join MBEX in welcoming keynote speaker, Dr. Rich Wagner, President of Dunwoody College of Technology. In 2009, Dunwoody College of Technology named Rich Wagner, Ph.D. as its ninth president. Wagner originally joined Dunwoody in 1996 as an electrical instructor. In 1999, he assumed the role of department director and was promoted to Dean of Learning in 2001. He served as Vice President of Academic Affairs from 2005 to July 2009, when he assumed his role as president. During his tenure he has played a vital role in ensuring the long-term viability of programs that include construction, engineering, robotics, manufacturing and computer technology. He will share with us his accomplishments over his last 10 years as president, having led the College out of a recession and into a position of growth by building pathways to prosperity for students, working to strengthen industry and community partnerships by developing the skilled workforce needed to fuel Minnesota's economy.

Tickets only \$40!

Registration deadline: January 10, 2020.
