

Minnesota Builders Exchange *Scholarship Program*

THE MINNESOTA BUILDERS EXCHANGE (MBEX) is dedicated to supporting the construction industry and its future workforce. Individual memberships and member companies represent design, construction and support industries associated with the commercial construction sector throughout Minnesota and the surrounding five-state area.

MBEX is committed to keeping its members on the leading edge of project information via its Online Plan Room and the sharing of plans, creating connections and community throughout the construction industry, and offering educational opportunities to advance skills needed in today's workplace. As MBEX continues to grow and advance as an organization, so has its commitment to encouraging and supporting students to pursue careers in the trades and construction-related fields.

SCHOLARSHIP AWARD

Embarking on a career within the construction and building industry presents both incredible opportunities and significant challenges. In recognition of this dynamic landscape, the Minnesota Builders Exchange (MBEX) and its partner, The Builders Group Education Foundation, wants to support and empower the next generation of industry leaders and innovators.

MBEX wants to award multiple scholarships ranging in value from \$500 - \$5,000* to future carpenters, electricians, HVAC specialists, masons, tilers, elevator technicians, plumbers, utility workers, and all specialized trades workers, as well as estimators, construction managers, construction engineers, and construction administration students.

In addition to the cash scholarship prize, MBEX will also provide complimentary invitations to all MBEX-sponsored social events and educational opportunities to scholarship winners.

**MBEX reserves the right to adjust the number and monetary values of its scholarships.*
