Dear MBEX family and friends,

The health and safety of our staff, board of directors, members and event attendees is our top priority at the Minnesota Builders Exchange (MBEX). As an organization, we closely monitor COVID-19, along with any city, county and federal level recommendations and mandates.

MBEX has suspended all meetings and events through June 30, 2020. We appreciate your patience in this time of uncertainty.

Minneapolis and Duluth offices will re-open for MBEX staff and begin taking blueprint orders on June 1, 2020. For the safety of our staff, until further notice, we will welcome members to the office for any services by appointment only. In the meantime, MBEX staff is working remotely to continue serving our members. As we take the steps to re-open our facility to staff, we will continue to follow recommended hygiene protocols in the office, including guidelines provided by the CDC. As situations continue to change, MBEX will promptly update our business practices and work policies.
